

HONEY BEE SWARM LURE

PRODUCT NAME: Honey Bee Swarming Lure.

PRODUCT DESCRIPTION: Swarming pheromone that has been packaged in a small liquid capsule. This scent should be stored in an air tight container and only opened when it is ready to be used. Do not stand around with it outside during anytime of the year when bees are active. Generally used to attract honey bees, this lure can be set out where you would like a swarm to appear. Use them in the Swarm Box for better attracting.

WHERE TO USE IT: Anywhere you want to attract bees. This could be in your garden but is mostly in some kind of a controlled environment like a Swarm Box or House.

RATE OF APPLICATION: Use one capsule per location and change out every 2-3 months.
